International Conference on Recent Trends in Graph theory and Combinatorics , ICRTGC-2010.
12-15, August 2010, COCHIN, INDIA

This conference is a Satellite Conference of the International Congress of Mathematicians to be held at Hyderabad, India from 19-27 August, 2010.

The academic programme will consist of plenary and invited talks by eminent researchers in the field of Graph theory, Combinatorics and related topics from all parts of the world , contributed presentations and mini symposia on some specific themes.

COCHIN - the   "Queen of the Arabian Sea" is the commercial and industrial capital of KERALA – The God's Own Country. In this beautiful city we can see an excellent blend of traditions with modernity – a perfect reflection of cosmopolitan society of Kerala. It is a spectacular city brimming with history, legends and beauty. Since time immemorial, Arabs, Chinese, Dutch, British and Portuguese had trade relations with Cochin.

Cochin also has an International airport and Hyderabad the venue of ICM 2010 is just ninety minutes by flight.

International Scientific Committee :

G.E. Andrews – USA; S. Arumugam-India ; R.Balakrishnan – India ; R. B Bapat-

India; W. Goddard– USA ; M.C Golumbic-Israel; G. Gutin – U.K ; P. Hell-

Canada; G. O. H. Katona- Hungary ; S. Klavzar-Slovenia ; J.Nesetril – Czech

Republic; S. B. Rao – India ;A. Raspaud-France ; A.Rosa- Canada ; S. S. Sane –

India ,V.T. Sos- Hungary ; X. Zhu-Taiwan.

A very cordial welcome to India for ICM-2010 and to Cochin for the ICRTGC-2010.

Ambat Vijayakumar - India- Convener
Department of Mathematics, Cochin University of Science and Technology
Cochin-682 022, India.
